

ASAAD FETHALLAH

Engineering Student in Cybersecurity and Digital Trust

+212-644175858 assaad2005.fet@gmail.com Casablanca, Ain Sebaa, Doha 1

ABOUT ME

Engineering student in Cybersecurity and Digital Trust at ENSET, passionate about SOC and Cloud Security/DevSecOps, with hands-on experience in SOC systems, AWS, Wazuh, and intrusion detection. Also experienced in R&D job profile. Seeking a final-year project (PFE) oriented toward SOC / R&D.

EDUCATION

Computer Science Engineering – Cybersecurity 2024 – Present

ENSET – Engineering Cycle II-CCN

- Web Dev., Virtualization & Cloud (AWS), Ethical Hacking, Cryptography, Systems Admin., ML

Specialized Technician in Computer Engineering 2022 – 2024

EST – DUT Computer Engineering

- Linux, Windows Server, Cisco Networking, Security, Databases, Web Dev.

TECHNICAL EXPERIENCE

AWS Architecture Deployment – SIEM Wazuh

- AWS provisioning (EC2, VPC, S3, IAM) dedicated to Wazuh SIEM
- Detection rule configuration, dashboards and real-time alerts
- ~40% reduction in triage time through log centralization

SOC Alert Prioritization Engine – ML

- ML pipeline to classify SOC alerts by criticality
- Trained on ~10,000 events – 87% accuracy
- 60% reduction in alert noise

Mobile Application Flutter/Django — SNRT Apr–Jun 2024

- Cross-platform Flutter development + Django REST backend

Web Application – NTT Data Feb–Jun 2025

- Full-stack Spring Boot (REST API) + Angular (frontend)

Secure E-commerce — ODARIS

- Spring Boot + React, secure sessions, payments, JWT auth

Salary Prediction

- ML model (Python) for salary prediction by profile/sector

R&D — Talentys Data Jun–Sept 2026

- Arcax : Passerelle de médiation sécurisée qui transforme les ressources d'entreprise en capacités régies pour les agents IA.
- Technologies utilisées : MCP – OPA – JWT – RBAC/ABAC – gVisor – KEDA- CDC – OTEL – HITL- SLA – WASM- PKI- JIT

SKILLS

Languages :

Java • Python • SQL / NoSQL

Cloud & Infrastructure :

AWS • Docker • Kubernetes (+ gVisor + KEDA) • VMware
Systems:

Linux • Windows Server • Red Hat

Frameworks:

Spring (Beginner) • Django (Beginner) • React • Angular

Security & Tools:

Wazuh SIEM • Git • CI/CD (Enthusiast) • ELK

CERTIFICATIONS

Cisco Networking Academy

- Introduction to Cybersecurity
- Ethical Hacker
- Linux Unhatched & Essentials
- CCNA: Introduction to Networks
- Python Essentials 1 & 2
- eCIR (Only Course, No exam)

Amazon Web Services (AWS)

- AWS Academy – Cloud Security Foundations
- AWS Academy – Cloud Foundations

Red Hat

- Red Hat System Administration I (RH124) – Ver. 10

Fortinet NSE

- Intro to Threat Landscape 3.0
- Technical Intro to Cybersecurity 3.0
- Getting Started in Cybersecurity 3.0

Offensive Security & OSINT

- Ethical Hacker Arabic – ls7ee7
- OSINT Fundamentals – TCM Security

Standards & Governance

- ISO 27001: ISMS Certified – SkillFront

Language

- EF SET English Certificate 73/100 (C2 Proficient)

LANGUAGES

French

Fluent – professional level

English

Fluent – C2 Proficient (EF SET 73/100)
